

July 2002

SN hosts OCTN Homeland Defense meeting

WRIGHT-PATTERSON AIR FORCE BASE, Ohio — The quarterly meeting of the Ohio Correctional Technology Network was held on June 19, 2002 at the Air Force Research Laboratory's Sensors Directorate. The focus of the meeting was Homeland Defense and its impact on state and local corrections and law enforcement agencies.

OCTN has representatives from various Ohio corrections and law enforcement agencies together with members from the NASA Glenn, AFRL directorates at Wright-Patterson Air Force Base, the National Institute of Justice, the Great Lakes Industrial Technology Center and Wright Technology Network. The lead organization and major supporter of OCTN is the Ohio Department of Corrections and Rehabilitation.

Long term goals for the meeting include fostering a stronger working relationship between the Ohio State Agencies and AFRL. @
